STORMY WEATHER

Well, we survived the storm, with our gardener Barry Hudson picking up the scattered branches.

Thanks to our P & C Association and their Face Book page and "text team", communications were available, even though the school mail data base was down this week. Team work wins!

The data base should be go by Friday, so the Department I.T. boffins tell us, so our electronic newsletter should be back next week....with heaps of photos.

SEEN OUR NEW GARDEN?

By the time Barry Hudson puts the finishing touches on our new front gate garden we should look rather posh!

Barry and I thought we might go a bit formal on the entrance with florabunda white roses and hibiscus. Great job Barry!
