HUNTINGDALE I.T. REVOLUTION

We are very pleased to introduce our new website!

The site has been developed by Watermark Design based on input from staff, our P & C Association and School Council. We aimed to produce a simple, easy access site that can be built up as we move forward. Some key areas are:

- The urgent Messages tag on the front page is to be used if Sports Days get cancelled due to bad weather.
- Current happenings on the front page includes the Term Planner and key dates and times.
- Parent information – Newsletters, P & C Association information, Canteen Menu, Uniform Shop Order Form, School Council etc.
- A Downloads section, which will contain a raft of information for families.

The new site is available via huntingdaleps.wa.edu.au

We trust you find this new site an improvement which provides easy access to key information and events.

SPORTS DAYS

See our Special Dates of Interest for Carnival days.

Keep in mind that our P & C Association have organized a coffee van for Thursday and Friday and are selling homemade cakes and a few other goodies.

In the event of really bad weather and we need to cancel, we will email info out on our database (hope you're on it) and put a note on the front page of our new web page.

FRUIT N VEG RULES

Last week, Mrs Koh got serious with Fruit N Veg Week with the assistance of Mr Lynn and the great kindness of a parent, Mr Marsh.

Masses of fruit was provided for Kindy and Pre Primary children as well as an impressive amount of fruit provided for Primary children through Mr Marsh.

The Canteen crew did a stunning job of rolling out the fruit for children at no cost.

See our picture page for the great fruit display.

LAPATHON RAFFLE WINNERS

Highest Money Raised:

Isla Watt Kindy 2 \$259.40

Lucky Draw Prizes:

Kindy	Shayla Terito
Pre Primary	Charlotte Batty
Year One	Joshua Wade
Year Two	Anthony Spijkers
Year Three	Liam Burke
Year Four	Joel Summers
Year Five	Holly Fieldgate
Year Six	Corban McKewen
Year Seven	Jarod Robinson

This year a record amount of just over \$10,000 was raised...yippee!

HUNTINGDALE: TEACHER DEVELOPMENT SCHOOL

Last week our school was nominated as one of seven schools in our system of 700 schools, to take a key role in assisting other schools in the roll out of the Australian National Curriculum Mathematics Syllabus.

The school was chosen due to the past work of our staff, the leadership shown by our Maths Specialist Michaela Wright and becoming finalists in the WA Education Awards for three years in a row in the area of Mathematics.

WHAT'S ON YOUR WISH LIST?

There is a competition in The West Australian where schools collect coupons from last Saturday's newspaper (page 70) and next Saturday's newspaper.

If you still have Saturday's paper and you can send in the coupon, it would add to the 382 coupons we have already.

MATHS FOR SMARTIES

Can you solve these problems?

Each of these boxes stands for the same number, what is the number?
